RELATIONS WITH SOVIET RUSSIA ARE BECOMING STRAINED

Moscow Reluctant to Meet Debt and Damage Claims, Is Report

MAY NOT KEEP PROMISE

U. S. Made Its Position Very Clear at Time of Recognition

WASHINGTON, Apr. 19.—(INS)—Friendly relations between the United States and Soviet Russia, established less than six months ago, are in serious danger of becoming strained as the result of an abrupt about-face by Moscow on the question of meeting American debt and damage claims.

This was learned from an unimpeachable source today as American officials ponder the question of what effect a sudden cooling off in cordiality towards Soviet Russia would have on public opinion in this country.

Moscow's reluctance to meet the American debt and damage claims after Maxim Litvinoff, Soviet foreign commissar, had given assurance it would be prepared to do so, is responsible for the development of a situation which threatens the future relations of the two countries.

The feeling prevails in high official circles that the Soviets have failed to live up to promises made during Litvinoff's visit here last November when recognition was granted them.

Furthermore, the manner in which the Soviets have acted has led to suspicions that Moscow may not have given serious heed to the promises it was making in its haste to obtain American recognition at a time when a conflict with Japan appeared imminent.

Litvinoff, it was said on high authority, gave a definite impression that the Soviets would be prepared to meet the American debt and damage claims and also gave assurance that they were prepared to negotiate a quick settlement of them.

Furthermore, it was made perfectly clear to Litvinoff during his visit that this government would grant no credits to finance the development of trade with Russia until the debt issue was settled satisfactorily. Litvinoff gave the impression he understood this position of the American government.

In order to make it perfectly clear this government had no intention of granting any credits until the debt and damage claim issue was settled, the trustees of the new export-import bank for Russia passed a resolution to this effect.

The Soviet then professed surprise that the debt issue was being linked with the question of trade development.

As a result of this train of events, the view is being put forward in authoritative quarters that Russia's rapid industrial development probably would have prevented any great expansion of trade with this country in any event and that if the Soviet's action necessitate a less friendly attitude on the part of this government, the country doesn't stand to lose much.

Bucks County Coal Dealers Meet in Doylestown Tonight

Tonight at 8.15 the Bucks County Coal Dealers' Code unit will hold a meeting in the Court House at Doylestown, according to notices sent out to dealers in this vicinity.

The chairman of this district urges everyone who is in any way connected with the handling of coal to be present at this very important meeting, at which time the National Coal Code, which has been signed by President Roosevelt and now in force, will be fully explained by code authorities of District No. 7 of which Bucks County is a part.

Quoting the notice further, it says: "This code will govern the dealers of this district and they should attend the meeting so that they can learn the operation of the code and discuss and vote for the local coal code authorities."

High School Dance To Be Held Tomorrow Night

Students of the Bristol high school will give a spring dance tomorrow evening in the high school "gym."

The committee handling this affair is arranging to make it one of the most successful ever given.

The color scheme is to be white and green and these colors have been so arranged that they make a dome effect in the center of the auditorium. Inside the dome the decorators have planned to place vari-colored lights, which will shine through, casting a pleasing light about the room.

A well-known orchestra will furnish the music for the occasion and the orchestra members will be in uniform. They also carry set-ups which helps with the general appearance.

CRITICAL BLASTS AT CHURCHES

Philadelphia, Apr. 19.—Echoes of critical blasts at organized churches and their lay members today resounded through the hotel auditorium where more than 200 delegates entered the final session of the Episcopal-Protestant Church Congress. The church and laymen were taken to task for obstructing social progress by a number of clergymen delegates to the Congress. Dr. George A. Barton, of the Philadelphia Divinity School and a noted authority on semities, startled his colleagues with the declaration that the church might have to be "blotted out" as it was in Russia if it continued to "impede the realization of Christian ideals." "Arguments made by Bishops for the retention of slaves," said the Rev. W. Spear Kanerel, rector of St. Paul's Church at Woodside, Long Island, "leave little wonder that Karl Marx, founder of communism, should brand religion the 'opiate of the people.'"

BOMB DEMOLISHES RESTAURANT

Chester, Apr. 19.—A terrific bomb explosion early today demolished the restaurant of Charles Roma here, injuring four men including three who were suspected of having planted the missile. The injured men, suffering from burns and lacerations of the arms and legs, were taken to Chester Hospital. Fire immediately followed the blast, threatening nearby buildings, but firemen subdued the blaze before it could spread.

HUNGER STRIKE STOPS

Philadelphia, Apr. 19.—The hunger strike of convicts in the county prison at Holmesburg ended in failure today because four "tough guys" hadn't the power they bragged about. Softened by 14 days' fasting in protest against food and restrictions on exercise at the prison, the four "trouble makers" retracted their boast of "sticking it out" to the end. "We've had enough," they cried, "take us out of here and give us food." Thus terminated the hunger strike started April 5th by 20 unruly prisoners who had been transferred to the county prison for riots at the Eastern Penitentiary last fall.

RESIGNS PASTORATE TO TOUR MISSION FIELDS

The Rev. H. W. Oursler Will Accompany the Rev. D. G. Barnhouse

ACTING AS SECRETARY

CROYDON, Apr. 19.—The Rev. Howard W. Oursler, pastor of the Wilkinson Memorial M. E. Church, here, for the past two and one-half years, will leave on April 29th for a 16 months' tour of the world, accompanying the Rev. Donald Grey Barnhouse, nationally-known radio preacher, for the purpose of making a survey of foreign mission fields.

The pastor of the local congregation, who will on next Sunday occupy the pulpit here for the last time during his pastorate, has been serving the Rev. Barnhouse as secretary for the past six years. The Rev. Oursler will accompany the radio preacher and continue work as his amanuensis.

The tour will take 16 months, and some of the countries the two plan to visit are: Hawaii, Japan, Korea, China, the Philippines, Siam, Burma, Indo-China, India, Arabia, Persia, Russia, Germany, France and England. Their longest stay in one place will be in China and India, where they hope to spend three months in each country.

In order to make the trip it has been necessary for the Rev. Oursler to relinquish his work as pastor of the Wilkinson Church, and he states that "it is with the thought that this opportunity for wider contacts will better prepare me for my future work in the ministry that I have entered upon this course."

The congregation of the Methodist Church here will on Saturday evening tender the Rev. Oursler a farewell party at the church at eight o'clock. The Rev. Albert M. Witwer, D. D., superintendent of the North District of the Philadelphia Methodist Episcopal Conference, will be present at that time.

AKRON, O. — (INS) — A new fad has been discovered here, that of "dunking" automobiles. A garage tow car was found submerged in an abandoned stone quarry near here. Police thought it had been "dunked" by a man who had a grievance against the garageman.

Three Food Sales Planned As Youth Week Benefit

Three food sales are to be held tomorrow for the benefit of the Youth Week fund, these being sponsored by the girls and women of Bristol and Edgely.

The sales will occur at 296 Mill street, at O'Boyle's store on Farragut avenue, and at Minter's service station in Edgely. Mrs. Whyatt is in charge of the sale in the sixth ward, and Mrs. W. Grace has charge of the Edgely sale.

Those in charge of collection of food in the various wards are: First, Mrs. William Nichol; second, Mrs. J. Wichser; third, Mrs. J. Elmer; fourth, Mrs. E. Harding; fifth, Mrs. D. Neill.

GOVERNMENT STOPS SCRAPPING VESSELS

Far East War Clouds Are Considered to Be of Serious Nature

JAPAN BUYING METAL

WASHINGTON, D. C., April 19.—Far East war clouds were considered so serious by the administration that it has halted all scrapping of shipping board vessels. It was disclosed today by a high government official. At the same time, Secretary of Commerce Donald Roper was preparing a bill for the consideration of the House Merchant Marine Radio and Fisheries Committee under the chairmanship of Representative Bland, Democrat of Virginia. Roper revealed that the shipping board now has approximately 270 ships under its direction, half of which he declared are of questionable seaworthiness.

Officials in charge of the scrapping of abandoned or unused shipping board vessels refused to discuss the origin of the order stopping the sale of scrap vessels, but a study of exports of scrap metal various world buyers revealed that Japan has been the largest buyer of this class of material in recent months. Scrap metal is a cheap way of manufacturing munitions.

During 1934 Japan purchased 633,000 tons of scrap metal in January and 651,000 tons in February. Should these purchases have continued over the entire year the total purchases would have been 7,500,000 tons. March figures on Japan's purchases of scrap metal are not yet available.

"Dinner At Eight" Is Great Entertainment Piece

Described after its sensational opening at the Astor Theatre in New York City as the greatest piece of motion-picture entertainment of all times, with a cast the like of which in draw names and acting ability has never been assembled before to be photographed by a camera, "Dinner at Eight," Metro-Goldwyn-Mayer's filming of the Broadway play hit, will be shown at the Grand Theatre starting tonight for the first time at popular prices.

It is almost unbelievable that Metro-Goldwyn-Mayer was able to gather together for this one picture such outstanding film names as Marie Dressler, John Barrymore, Wallace Beery, Jean Harlow, Lionel Barrymore, Lee Tracy, Edmund Lowe, Billie Burke, Madge Evans, Jean Hersholt, Karen Morley, Louise Closser Hale, Phillips Holmes and May Robson, together with a supporting cast of 11 players.

One phase of the picture deals with Lionel Barrymore who is worried over the collapse of his shipbuilding concern the while his wife, Billie Burke, blithely arranges a dinner for a pair of visiting British aristocrats. It is into this aspect of the story that Marie Dressler is introduced as a retired trouper of the "gay nineties" and an old flame of Lionel. Also concerned is Lionel's daughter, Madge Evans, who is in love with John Barrymore, a "has been" movie star.

The tragedy of this movie star who tries desperately to make a "come back" presents a new angle. His intrigues with his agent, Lee Tracy, to appear affluent before Jean Hersholt, a theatrical producer, and the tragedy which results when he fails to get a coveted part in a Broadway show, also involves Miss Dressler and Miss Evans.

REPUBLICANS MEET

YARDLEY, Apr. 20 — The second meeting of the Yardley Republican Club was held Monday night at the home of James L. Groome. The committee was named, and includes: John Bilbee, Vincent Casey, Robert Barbour, Johnson Miller, and Joseph B. Johnson. The next meeting will be held in the P. O. of A. Hall, April 30, at eight o'clock, and officers will be elected.

WANT HIGHWAY TO BE WIDENED FROM JANNEY STATION

Morrisville Chamber of Commerce is Now Pushing The Project

WANTS LAND DONATED

Suggestion Made That They Co-operate With South Langhorne Group

MORRISVILLE, Apr. 19.—Efforts to have the Lincoln Highway widened between Morrisville and Janney Station are being pushed by the Morrisville Chamber of Commerce. It is planned now to have this group join with the Business Men's Association of South Langhorne.

Edgar T. Snipes, a member of the Morrisville committee, made an interesting report in which he stated that 40 releases had been procured from property owners along the highway. An effort will be made to push the work to completion. Mr. Snipes and Harry M. Lair will interview the remainder of the owners. The committee is endeavoring to have the owners of the land donate without cost enough to provide for the new width of the highway. After enough land is procured, the State Highway Department will widen the road.

It was proposed that the Chamber of Commerce committee meet with the South Langhorne Business Men's Association in order to hurry the work. The latter committee is working on the lower end of the highway.

Members of the chamber discussed the proposed bus service which is expected to supplant the trolley car service. It was said Council should insist that the territory served be enlarged to include the western and southern sections.

A resolution was passed upon motion of former President Harry M. Lair that the State Highway Department be requested to repair North Delmorr avenue, Trenton avenue and Pennsylvania avenue, north of Trenton avenue.

COUNTY MAGISTRATES MEET AT DOYLESTOWN

Four New Members Become Affiliated With The Organization

HEAR TWO ADDRESSES

DOYLESTOWN, Apr. 19.—Thirty members of the Bucks County Magistrates' Association attended a meeting, in charge of President Joseph A. Keating, Tuesday evening, in the Court House, when the question of selecting proper legal blanks was discussed by District Attorney Arthur M. Eastburn and a talk was given by Burgess George S. Hotchkiss.

Several new members were added, including James O. Crouthamel, Lawrence W. Kepner, A. Richard Baker, and Herman H. Doderer.

It was decided to send delegates to the State Magistrates convention which will be held at Reading.

Mr. Hotchkiss reminisced concerning some of the earlier veteran Justices and paid a tribute to members of the minor judiciary for the unselfish service they render the communities they represent as friendly arbiters of disputes which they keep out of the legal channels, and as respected counselors of their constituents.

Discussing the legal situation from a layman's point of view, he expressed regret that some of the so-called sportsmen's legislation was enacted, especially the type laws which leave nothing to the discretion of the Justices who best know the situation. In this connection he referred to the arrest of two small boys by a deputy fish warden for catching a few little fish without a license and out of season, boys who had to be sent to prison for the Justice for about 70 days because they or their parents were unable to pay the heavy fines.

"The public, unfortunately," he said "does not realize that the Justices have no discretion in such matters. This explains the criticism that particular Justice received instead of the deputy fish warden who made the arrest, the so-called sportsmen who passed this unwise law, or the Legislative body which permitted it to go through so outrageously worded."

"The only conclusion any one can draw concerning this law and the others which makes so young the legal age for procuring a fishing license, is that there are some leaders in the sportsmen's circles who have forgotten they ever were boys and consequently the sympathy and help boys should have to grow up normally. Men and women interested in boys should see that these laws are changed, I believe, in fairness to youth."

The speaker also complimented the Bucks county magistrates for the clean record they have maintained.

After the meeting the members and guests had lunch at the Doylestown Inn.

Distribute Eligibility Blanks To Contestants

Eligibility blanks are being distributed to those who are to participate in the various events during Youth Week, April 28th to May 5th. These blanks are to be filled-in and handed to the ward leader not later than April 28th.

The ward leaders must file the entries not later than seven o'clock Saturday evening, April 28th.

Warren P. Snyder is chairman of the eligibility committee.

Each eligibility record will contain the name of the contestant, address, district, date of birth, school building and grade (if in school), and the consent of the parent.

School records will be considered authentic unless a birth certificate is presented.

DR. R. H. TRUE SPEAKS AT TREVOSE MEETING

Tells Horticulturists of The Morris Arboretum At Chestnut Hill

PLANS FOR FUTURE

TREVOSE, Apr. 19.—The beauties of the Morris Arboretum located at Chestnut Hill were brought to members and friends of Trevese Horticultural Association as they gathered in the Trevese Community House Tuesday evening. The speaker was Dr. Rodney H. True, a director of the Arboretum.

Dr. True informed the large gathering that the property in question at one time belonged to the Morris family, who for many years had been interested in the iron industry in England.

John T. and Lydia Morris, the donors of the arboretum, were great travelers and frequently upon their return they brought with them many plants, greens and idols from foreign countries, including China and Japan. Dr. True spoke at length of the soil conditions at the arboretum and the planting which was done around the house forty years ago. Other planting on the arboretum has taken place in more recent years.

A vivid description was given of the large expanse of lawn on the property, the Summer house covered with wisteria, the dove trees, the formal gardens, the Japanese gardens, the avenue of oaks and the 70 varieties of mock oranges.

Presiding at the meeting was Garrett V. Clark.

The business session was featured by the reports of the committees and the making of arrangements for the Spring flower show.

Mrs. Hugh D. Graham, chairman of the roadside beautification committee, announced that on Saturday, April 14, 400 shrubs had been planted on Philmont avenue which leads from this place to Somerton. The shrubs are three years old and it is expected fine results will be shown in a very short time. Mrs. Graham asked for contributions of myrtle to be planted with the shrubs.

Mrs. J. V. Hare, chairman of the membership committee, announced that 22 new members had been gained during the past month. Philip Moore, of Abington, spoke briefly of the organization of what is known as the American Rock Garden Association.

Featuring the meeting was a contest in the arrangement of Spring flowers and shrubs and three persons were awarded prizes. They were: first Mrs. B. B. Parrish, Endfield; second, Miss Paxson, and third, Mr. Moyer. These included boxes of pansies and roses.

A portion of the evening was devoted to the making of plans for the Spring flower show. Announcement was made that Robert McKenney, Newtown, will be chairman of the show this year. Request was made that the members donate prizes to be awarded at the exhibit.

The show this Spring will be featured by several new classes. One will be for perennials, delphiniums and violas. There will also be a class in perennials for persons who never before were winners of prizes at shows here. A perennial border will also be included among the new classes. This exhibit may be six feet long and three feet wide and this class will be open to clubs and organizations.

Mr. Clark spoke briefly of the meeting of the State Federation of Garden Clubs which will take place in Philadelphia from May 18 until May 25. He announced that Mrs. J. V. Hare, a member of the Trevese Horticultural Society, has been nominated for the presidency of the State Federation.

The program will consist of a one-act play, "Between Trains," with the following cast: Miss Marion Rembe, Mrs. Francis B. Barnett, Miss Katharine Van-Hart, and Miss Gladys Harper; a skit, "Coffee," will be presented by Robert C. Belleville and company.

The Yardley Boy Scouts will give "A Mid-Summer Night's Dream," the stunt which was presented by the troop at the Bucks County Boy Scout meet and camp rally in Morrisville. Those taking part: Edward Daugherty, Robert Van House, Vincent Smith, Donald Gallagher, Stanley Bennett.

Tullytown Miss Hostess As Her Friends Gather

Tullytown, Apr. 19.—Miss Mae Wright was hostess to friends who gathered at her home, Saturday night. The guests were entertained with dancing and several parlor games. Refreshments were served.

Among those present were: the Misses Sally Giberson, Harriet Parr, Anna Mabery, Doris Patterson, Ruth Mitchell, Loretta Clay, Catherine Carlen, Dorothy Abrams, Sarah Craig.

Messrs. William Carmen, Phil Mitchell, Franklin Silber, George Porter, Mathias Summers, Henry Clay, Ferdinand Bachofer, Byel Hamel, Wayne Stake, Wallace Keeler, Paul Mitchell, Howell Kuhn, Elwood Carlen; Mr. and Mrs. Cleveland Wright.

ROOSEVELT'S NEW PLAN

Washington, D. C., Apr. 19.—President Roosevelt today attempted to build up a permanent program of arbitration of labor disputes, determined to end the use of the disastrous strike as an argument. The legislative measures pending before Congress, the Wagner Labor Board bill and unemployment insurance plan, formed the base of the effort. He called Senator Wagner of New York and other administrative aides to the White House for a conference on the general legislation program.

SEARCH FOR DILLINGER

Weston, Mass., Apr. 19.—Search throughout Massachusetts was launched today by state police for an automobile bearing Illinois and New York registration plates carrying six men, one believed to be John Dillinger, notorious mid-western bandit, following a gun battle here between them and a lone policeman. Three of the men were believed to have been shot by motorcycle patrolman Arthur Raynor who fired a total of 17 shots at the bandits and dodged a barrage of machine gun fire in return.

ANNOUNCE MARRIAGE PERFORMED YEAR AGO

Juliet Bassett, Yardley, Was Wed to Trenton Man at Elkton, Md.

OTHER YARDLEY ITEMS

YARDLEY, Apr. 19.—Announcement was made yesterday by Dr. and Mrs. H. Linn Bassett, of the marriage of their daughter, Juliet Leeds, to Hardwick Troy Lord, of Trenton, N. J., on Saturday, April 15, 1933, in Elkton, Md. The announcement came as a complete surprise to Mr. and Mrs. Lord's wide circle of friends, although the event took place a year ago.

Mr. and Mrs. Arthur Hixon, who were married during the Easter holidays were honored by a surprise shower given by Miss Anna Wright, at her home on the Yardley-Fallsington Road, on Friday evening. Miss Wright, a member of the faculty of the Yardley Public School, had as her guests only members of the faculty and their husbands and wives. The decorations for the occasion were carried out in pink. Mr. and Mrs. Hixon, who are making their home with Mrs. Lura A. Ross, received many lovely gifts. Among those present were: Mr. and Mrs. Arthur Hixon, Mr. and Mrs. Warren R. Smith, Michael Derrick, Mrs. Robert Southworth, Mrs. Hal Holeslaw, Miss Mary Yetter, Miss Barbara Thut, Miss Gladys Miller, Mr. and Mrs. James Foley, Miss Helen Schermerhorn, Miss Lillian Groner, Miss Helen Wright, and the hostess, Miss Anna Wright.

Extensive preparations are being made for the Bake and Rummage sale to be conducted in the Fire House No. 1, on Saturday afternoon, April 21st, at one o'clock. The bake sale is in charge of Mrs. Lura A. Ross, Mrs. William H. Tams, Mrs. Vaughn S. Grundy, Mrs. T. Sidney Cadwallader, Mrs. Robert S. Johnston, Mrs. R. C. Belleville, Sr. The rummage sale is in charge of Mrs. Louis C. Leedom, Mrs. Margaret Hutchinson, Mrs. Clara L. Ivins, Mrs. Frank Sigafos, Mrs. William Rorer. Mrs. A. S. Cadwallader, president of the club, will also assist.

The production of the annual minstrel show which was to be given by the members of the Yardley Fire Company No. 1, has been postponed. Plans are now being formulated for the production of a three-act comedy early in May.

JUDGES AND GRAND JURIES

The question of a grand jury's right to criticize a judge has been raised in Indiana in connection with the investigation of the escape of the outlaw Dillinger from the Crown Point jail.

Failure of Judge William J. Murray, the grand jury found, to order the removal of Dillinger to Michigan City for safe-keeping was partly responsible for the bandit's escape.

The judge, feeling his dignity wounded, immediately cited the members of the grand jury for contempt.

It is hard to see why a judge should be any more immune to censure than a private citizen, a sheriff or a prosecuting attorney, against whom grand juries are free to make findings.

It was the specific duty of the grand jury probing the Dillinger escape to find and fix, if possible, the blame for the escape and to return indictments if it considered the evidence indicated criminal responsibility. If it believed the escape could have been prevented by removal of the bandit to another jail and if this removal was prevented by failure of Judge Murray to order the transfer, there seems to be no valid reason why this should not have been included in the findings. Judges are not above making mistakes. There have been some found guilty even of criminal acts. Many of them are very sensitive in their official dignity and make liberal use of contempt citations.

The Dillinger escape gave Crown Point authorities much unfavorable publicity. Indians generally would like to see those responsible for this punished, if criminal liability was involved.

MENACE OF COLDS

Spring's other annoyances and discomforts could be put up with gracefully, were it not for those common ailments of grip and colds which are most prevalent in spring. No matter how often a person has been afflicted with these maladies a new attack lays him low in body and spirit.

Absences from work on account of these common ailments are a severe blow to industry and business. Claims against benefit associations because of influenza or grip make up 20 per cent of the total compensation paid by these associations.

If people could only avoid getting these diseases they would save themselves discomfort, doctors' bills, loss of wages and danger of serious illness. But try as one may, it seems impossible to escape at least one attack a season.

People who get plenty of fresh air, who ventilate their homes thoroughly, who avoid drafts and wet feet, and who are careful to take a good amount of exercise are the ones least afflicted. Fresh air is a wonderful medicine.

You never know why a man is a failure until you hear his scheme for saving the country.

If you see well-dressed idlers out in the sticks, they are "getting government money."

How strange it seems for America's national anthem to begin "Oh say" instead of "Oh yeah."

The final proof of poison to be in a traffic jam and not waste energy on the horn button.

FALLSINGTON

Mr. Clinton Seagley was a Sunday visitor in Lancaster.

John Reich was the leader of the Friends Bible Class on Sunday.

The Delaware Valley Grange held a delightful social on Wednesday evening at the home of Miss Lillie Wilson, Emmie, with Miss Wilson and Mrs. Jenny Stien as hostesses. Joseph A. Smith is master of the Grange.

The Ladies Auxiliary of the Falls Township Fire Company will hold a covered dish luncheon in the fire house on Wednesday, April 25th, at one o'clock.

A marriage license has been granted to William Lord and Anna Lock, both of Fallsington.

Mrs. Raymond Pope substituted at the Fallsington Library on Saturday in place of the regular librarian, Mrs. Charles Foster.

At the W. C. T. U. conference held in Newtown, Miss Olive Hartman, Fallsington, gave a violin solo. Miss Hartman also sang a solo, "The Y. P. B. Alma Mater."

The choir of All Saints' Episcopal Church received choir pins on Sunday.

Miss Kathryn Reading received a pin for regular attendance in the choir. The Misses Moon were Sunday visitors of Mrs. Mae Moore, West Trenton.

Mrs. Roy Heath, librarian at the Trouton State Teachers' College, was the speaker at the P. T. A. of Falls Township school on Wednesday. Her subject was "Books." An informal meeting was held with those interested in various books. Mrs. Andrew Chamberlin has been appointed chairman of the Summer roundup. The present officers, except the secretary, Miss Margaret White, will serve another term in their positions. Miss Laura Rice will take Miss White's place as secretary next year. The other officers are: President, Mrs. Arthur Sterling; vice president, Joseph Winder; treasurer, Mrs. Joseph White. David Lappa's room won the attendance banner for the coming month for the high school. Miss Her-

nie Lutz and Miss Helen Dansbury tied for the banner for the grammar school. Next month the meeting will be held May 23rd.

Miss Florence Carver and Thomas Laughlin are two of the Falls Township High School pupils featured in the play, "Aaron Slick From Punkin Creek," which is to be presented on April 27th in Fallsington Community House. The play is the annual production of members of the junior class of the school.

Mrs. Louis Carter was appointed to collect for the Red Cross Nursing Service, in the Fallsington district.

Mr. and Mrs. Henry Satterthwaite were Saturday dinner guests of Mrs. Annie Satterthwaite.

At the Spring meeting of the Bucks County Library Association, which will be held in Doylestown on April 29th, Fallsington Library will be represented by Mrs. Hilda Foster, who will speak on "The Library and the School."

Mr. and Mrs. William Kelly, Mrs. Mary Kelly and daughter Mae, were Sunday visitors of Mr. Christopher Quinn and daughters, Jamesburg, N. J.

WEST BRISTOL

The marriage of Miss Lillian McGoldrick, daughter of Mr. and Mrs. Howard McGoldrick, 10th and Steele avenues, and Owen Vandine, son of Mr. and Mrs. John Vandine, Bristol, occurred Monday at 1:30 p. m. at the home of Justice of the Peace James Langhin, Crofton. Attendants were Mrs. Margaret Leavay and Howard McGoldrick, Jr., West Bristol, sister and brother of the bride; and Mrs. John Vandine, Bristol. The couple will reside with the bride's parents.

Mrs. A. Dupont has returned after an operation at the Wills' Eye Hospital, Philadelphia.

A freedom party took place Saturday at the home of Mr. and Mrs. Ralph Foster in honor of Joseph Dager, Fergusonville. A buffet lunch was served; and a five-piece orchestra furnished music for dancing. The guests were: Mr. and Mrs. Charles Goodbred

and daughter Jean, Newportville; Mr. and Mrs. Dager and grandson Robert, Fergusonville; Miss Edith Herbert and friend, and Mr. Jones, Frankford; Ray Sweeney and Miss Nan Carol, Philadelphia; Robert, Albert and Ralph Foster, Jr. The fete one received many gifts.

Mrs. Ralph Foster spent Monday in Philadelphia, where she visited her mother, Mrs. E. Meiler.

ANNABELL
ANNUAL
SAYS—

This is the best time of the year to roll out the bumps in the lawn. A wet sod should be avoided, however, or the rolling might do more harm than good.

Hardy annuals of large types are the best for brightening up a dingy corner of the back yard.

Asters should never be grown two years in the same piece of ground.

INSIDE STUFF ABOUT SEEDS

A seed in the ground is like an egg in the nest—both are waiting for the spark of life that will change their whole existence from inertness into activity. When that time comes, one is said to hatch, and the other to germinate, which in either case means that they start to live and grow.

In the case of the seed, there are certain contributing factors to this awakening which we can define, and to a larger extent control. They are the amount of moisture present in the soil, the proper temperature, and the prevalence of an adequate supply of oxygen or air. Under these conditions they will lie dormant—wintertime. By studying the characteristics of seeds, florists have been able to grow plants indoors by reproducing the three factors which come automatically with the warm season.

Only the outside shell or covering of the seed is seen by the eye. Beneath the surface is the embryo, the miniature plant that is to come into being, as well as a supply of food. Enclosing the embryo are two leaves of a very different nature than those that will finally appear on the plant. They are known as seed leaves or cotyledons. When the cotyledons open they reveal the embryo with its tiny bud with leaves ready to unfold, and the start of a root which is oftentimes merely a point. The bud is called plumule, and the root, hypocotyl.

Germination causes one to shoot upwards and the other down, ultimately resulting in the leaves and the roots of the plant. The seed leaves furnish nourishment during this process and disappear to yield to the true leaves that form a means of classifying plants. For instance, the onion has one, the bean two, etc., each of a different type.

Each seed demands its particular conditions before germination, and

when the proper season comes along from Argentina during the first two months of the current year registered a value increase of 40 per cent. Total shipments during the January-February period of 1934 amounted to 2,835,752 metric tons, valued at 278,822,747 Argentine paper pesos, against 2,488,049 tons and 198,600,407 paper pesos in 1933.

He Can Pull The Load If---

Uncle Sam Will Help Him, Too

INDUSTRY can pull the entire recovery program along to better times, provided—

(1) That it is turned about by Uncle Sam and headed in the right direction.

(2) That it is strengthened and made physically able to pull the load expected of it.

(3) That it gets some of the same Federal RFC help that went to the banks, railroads, insurance companies, agriculture, etc.

President Roosevelt recently emphasized the need of loans to industry as a method of maintaining and increasing payrolls and putting more persons to work. He knows the horse can't pull the load anywhere unless it is started off right. He's for a New Deal to industry, too, and the sooner this part of his program gets moving the sooner we'll all be headed for better times.

This depression, as has long been pointed out, was chiefly an industrial depression, though industry of itself was not the cause of it. Industry was

forced into hard times when working capital shrank, when bank assets froze, when money became so tight that purchasing ceased.

Conditions far beyond the control of industry made the curtailment of production necessary. And when production was curtailed, people were forced out of work and off of payrolls, thus increasing unemployment.

With the general improvement in conditions, people are buying again and demand is increasing. But industry, hard hit these many months of idleness, cannot in many cases resume operations on a scale that will meet the demand and cannot increase its payrolls by putting more people to work unless the government steps in with the same kind of assistance it had to give the banks, insurance companies and others when their capital was depreciated.

When Uncle Sam gets around to providing these federal loans to industry, the recovery program will begin moving more rapidly in the right direction.

MERITS OF GARDEN MULCHES

The value of good spring mulching has proved itself many times. This is especially true where the garden is situated in a hot weather belt, or if light, sandy soil is prevalent. As moisture is of first importance to plant life, the conservation of it where circumstances do not permit an adequate supply is best done by a thorough mulch.

Not only will the mulch prevent evaporation, but it will add a certain measure of valuable plant food which is desirable for all plant growth. Manure, partially decayed, is exceptionally good because of its richness in nitrogen and other foods. It is not satisfactory in many cases, however, because of the presence of undesirable seeds which might germinate and cause a "dirty" garden. There are many substitutes, among which are peat moss, decayed garden litter, lawn-mowings, and various others.

Loosening the soil enough to let a good soaking of water penetrate down to the roots before mulching will make the process more effective. The mulch itself should be about 3 inches deep, and when succeeding waterings are needed, they should be applied through it. In this way the plant food contained in the mulch will be washed down to the roots and kept there as long as possible.

When a mulching material is unobtainable or too expensive, it is a good idea to apply a "dry mulch" to the soil for a depth of about 2 inches. One of the peculiar properties of moisture in the earth is that the harder and more compact the earth becomes, the quicker the moisture rises and is evaporated. The tightly packed particles which form small capillary tubes force the water to the surface at a greater speed when the pressure of the compacting earth is exerted on them. By finely pulverizing the earth this pressure is relieved, and the moisture conserved; the remedy is known as "dry mulching."

Surface soil should be loosened in every case before moisture is applied, as it assists the water to penetrate deeper, and prevents evaporation.

COLORADO SPRINGS, Colo.—(INS)—Colorado Springs' unique two-man club recently held its fifty-fourth annual dinner. The members, Melvin M. Sinton and Fred A. Sperry, both came here in 1880 in search of health. Sperry came from Ohio, Sinton from New York.

SHORT CUTS TO THE DINNER TABLE

This art, commonly called cookery, requires of the homemaker certain information at her fingers' ends, if she is to proceed with the task of three meals a day without unnecessary delay. So, suppose today I give you, in this little corner—your corner and my corner—of this very estimable newspaper, a table of equivalents. You'll find it a very handy bit of information, and as for convenience of its location in the kitchen, I might even suggest that it be given a place alongside of the daily calendar. Then, as we become familiar with its data, we can replace it with other information such as baking and oven temperatures, deep fat frying degrees of heat for certain foods, boiling, broiling and the like, all of which I shall include in the column from time to time. In this way we shall gradually increase our store of knowledge along this ever interesting subject. And this, combined with my sincere invitation that you send me your cooking problems to be answered through our column, will surely help to solve many of the perplexing questions that come up while we are planning for the usual evening dinner, the company dinner or the party that is in the offing.

Here then is our table of equivalents:
4 cupfuls flour, white 1 pound
2 cupfuls butter 1 pound
2 cupfuls granulated sugar 1 pound
1 square unsweetened chocolate 1 ounce
2 teaspoonfuls 1 tablespoonful
16 tablespoonfuls 1 cupful
2 tablespoonfuls butter 1 ounce
4 tablespoonfuls flour 1 ounce
1 cupful liquid 1/2 pint
8 or 9 egg whites 1 cupful

And now our week-end menu planning:
Mrs. Mayberry, who has been a patient in the Episcopal Hospital, Philadelphia, has returned to Bristol and is recuperating at the home of Mr. and Mrs. Granville Stephenson, Jefferson avenue.
Mrs. Frank Fallon, Pine street, is confined to her home by illness.
Mrs. Patrick Green, Bath street, is a patient in the Hahnemann Hospital, Philadelphia, where she underwent an operation Tuesday.

OUT OF TOWN
Mr. and Mrs. George McEuen, Bath street, and Mr. and Mrs. Earl McEuen and daughter, Janice, 268 Harrison street, spent Sunday visiting relatives in Burlington, N. J.
GUESTS HERE
Mr. and Mrs. Albert Rapp, Philadelphia, spent the week-end visiting Mr. and Mrs. Edward McDevitt, East Circle.
Lawrence Young, who has been employed in Finland, is in Bristol for several weeks. While here, Mr. Young is visiting his uncle and aunt, Mr. and Mrs. Harry Daniels, Walnut street.
Saturday guests of William Davis, Cedar street, were Mrs. Arthur B. Hanscom and daughter, Ellen, Philadelphia.

BELTS ARE NOW AN IMPORTANT PART OF THE NEWEST GOWNS

By Nadia De Brand

(I. N. S. Fashion Correspondent)
PARIS — (INS) — Belts have become one of the most important accessories to the new gowns, and the different couture houses show models both numerous and original. I saw one of these worn by the Princess Andre Poniatowski, the former Frances Lawrence, which was one of the prettiest novelties brought out by Marcel Rochas. The Princess, who is dark and slender, was wearing one of the new taffeta plaid dresses in black and white—made of a necktie twist. The sleeves were short and a plisse jabot finished off the neckline in front. The belt was in silver leather, the entire front laid in laurel-shaped leaves of the leather, laid one on the

other, like the crowns of laurel worn by the Roman emperors of antiquity.

PEAR IN BULLION RECEIPTS

DENVER — (INS) — Deposits of gold and silver in the United States mint here are rapidly approaching an all-time peak, according to figures for receipts during the month of March, 1934. During that month, 93,226,349 fine ounces of gold, worth approximately \$3,256,960 and 213,562,36 ounces of silver, worth \$131,250, were turned in to the mint. During March, 1933, the mint received 61,966,722 fine ounces of gold, valued at \$1,324,244, and 22,556,05 ounces of silver, worth about \$6,700.

OF INTEREST HERE

— By Juno —

The Bristol Twilight League and Lower Bucks League are already organized for the season. The Bristol Suburban League is planning for another season and will hold its first meeting tomorrow night.

Competition in the Youths' Week baseball is expected to be keen. Ward managers are hustling to get their boys into shape and when the Junior group starts on Monday afternoon the ball fields are expected to be crowded.

Bristol High blanks Fallsington and Morrisville trounces Bensalem. These were the opening scores of the Lower Bucks County High School League (lower section). Looks like another Bristol-Morrisville feud for championship honors.

"Dave" Landreth gave an interesting talk of his trip to the major leagues' training camps over station WTNJ. In his talk, Dave picked the Giants and the Senators to repeat in their respective leagues. The A's were picked for fourth place, and the Phillies were placed in sixth, by the Bristol sportsman.

Despite the fact that twilight baseball isn't paying in Bristol and every team stands a chance to finish \$40 to \$50 in the red, eight teams applied for admittance into the Bristol Twilight League.

Borough Council will charge \$1.00 for playing a baseball game on Sunday. This also is adding to the cost of supplying the town with baseball.

Last season, the manager of the Jefferson A. C. told this writer after a Sunday game that his team had a very large crowd and took in a total collection of a little over \$2.00. From this he must give the visiting team one-half and then take out expenses for the balls and umpires.

If a Twilight League team takes in a collection over \$2.00 he is thinking that the fans are being real generous. At one game last season, the net collection was 39 cents, and the highest collection was \$3.79.

At almost every week-end game last season, there were over 100 youths, ranking from eight to fifteen years of age. That meant that many parents were free from worry, knowing that their children were away from the heavy traffic that prevails during the summer months. For this reason, baseball should be encouraged where it is not commercialized.

Hardly anyone would say that taking up a collection and not getting enough to cover expenses is commercializing.

COACH DIEMER HAS VERY GOOD TRACK TEAM AT H. S.

This year Coach Diemer has a very good all around girls' track team at Bristol high school. Many, the veterans from last year, are back again and show an improvement over last year.

In the broad jump two ninth graders, Rose Baiocchi and Betty Beswick, rate first and second. Rose was a record breaker in the junior high meet two years ago, but she was unable to compete last year due to illness. She jumps 7'-10". Betty got second in Class C last year. Other jumpers are Genevieve Ensig and Phyllis Kallenbach, who jumped last year.

There are a number of good basketball throwers, all who had experience last year. Beverly Still and Kallenbach throw over 70 feet while Ruth Weller and Esther Locke throw in the high 60's.

The baseball throw is another strong part of the team. Still broke the Bucks County record when she was a freshman and then in the last two years she broke her own records. She has constantly thrown 160 feet, bettering her last year's mark by 5 feet. The other heavies are Peg Morrell, Lucie Pone and Locke.

Last year's relay team are all back and are determined to break the record again this year. It is composed of Margie Nills, Alberta Lazere, Elizabeth DeLuca and Winifred Livesey.

Nills and Lazere are the best sprinters. The record for the 75 yard dash which was established by Nills in her sophomore year is 9.2. Both girls have run 9.1, although Lazere is not a consistent runner.

The high jumpers are the weakest part of the team. Although better than last year, they fall far short of the Bucks County record. Still, Kallenbach, Rose De Palma and Mildred Faber.

Phyllis Kallenbach is the outstanding individual star. She is above the average in all events. Until this year, she had remained strictly at high jumping; however, she has equaled the 9.2 mark in the dash, neared the record basketball throw, rates the best high jumper, and is around the top in the broad jump. She also played on the varsity hockey and basketball teams.

The hardest workers on the team are Veena Milnor and Mary Marino, manager and her assistant, respectively. They are the slaves of the team and may be seen any afternoon on the field until 5:00 o'clock.

In Class C the runners are excellent, but there is very little material to work on in the other events. The outstanding sprinters are Mary Ann Duffy and Martha Gibson, sister of Thomas Gibson, the all around athlete of senior high. This is her first year out and there are big hopes for her. Other junior trackmen are Lucille Taylor, Molly Wright, Mary Yates and Mary Campbell.

EXPLAINS REJECTION

Berkeley, Calif., April 19—Dr. Robert Cornish, brilliant young University of California scientist, today explained his reason for rejecting the offers of six persons who asked to become "human guinea pigs" in his partially successful life-restoration machine. All six applicants, five men and a woman, declared they were willing to be put to death so Dr. Cornish could bring them back to life with his miraculous device. "It would be impossible to accept the offers," Dr. Cornish stated. "The laws of California prevent my accepting. If I accepted my associates and myself would be hanged. To start the experiment it is necessary to put the patient or subject to death. To do this to a human being would be murder. Even though appointed role of 'preserver of the

the experiment was successful it would still be a case of technical murder." Although denied "human guinea pigs," Dr. Cornish continued experimentation with dogs. A canine put to death last Friday and brought back to life by the Cornish method, was still alive today, setting a new "second life" record. In two previous cases dogs were brought back to life for 12 and 5 minutes, respectively.

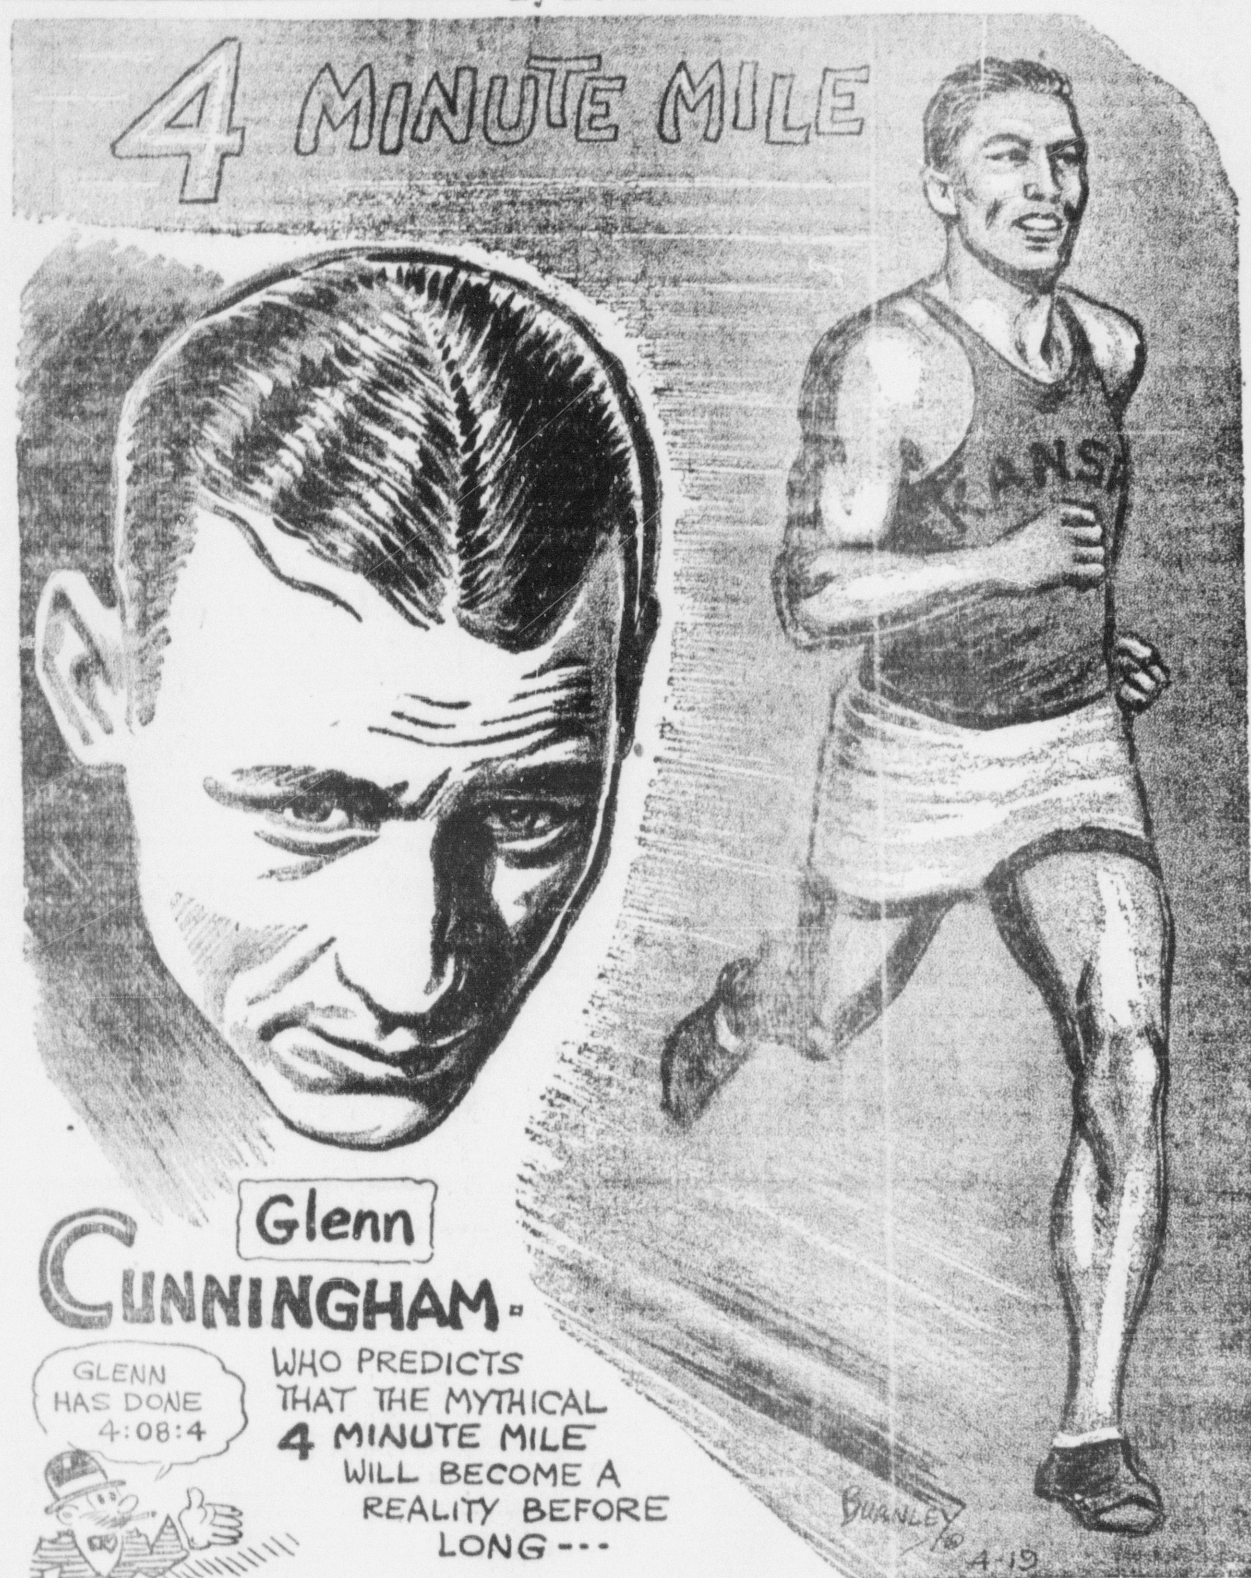

JAPAN'S ATTITUDE PUZZLING

Washington, D. C., April 19—Administration officials are puzzled, and not a little irritated over Japan's newly announced policy of assuming a virtual protectorship over China. They are puzzled over just how far Japan intends to go in carrying out her self-appointed role of "preserver of the

A Dream Running

By BURNLEY

DID you ever see a dream running? Well, Glenn Cunningham says you may see it before the present year has finished. Mr. Cunningham, who disputes with Bill Bonthron of Princeton the title of America's fastest miler, is referring to that dream of all milers, the four-minute mile.

The Kansas cyclone doesn't claim that he will be the man to reach this "impossible" mark, but he insists that with such phenomenal speedsters as Bonthron, Becali and Lovelock around, not to mention himself,

a four-minute mile must be considered at least a very definite possibility.

The barrel-chested Kansan with the fire-scarred legs ran the fastest indoor mile on record last St. Patrick's Day, when he covered the classic distance in the amazing time of 4 minutes 8.4 seconds.

Based on his own experience, Cunningham says that he thinks it is possible to run four successive quarter miles in 60 seconds each, thus attaining the mark of four minutes flat. The University of

KILLED IN AUTO CRASH

York, April 19—Roy L. Gordon, of North York, was instantly killed in an automobile crash on the York Haven road near Emigsville early today when the machine he was driving overturned. Nearby residents aroused by the crash found Gordon's body under the overturned car.

FROM CORN TO SPUDS

CHEYENNE, Wyo.—(INS)—Wyoming farmers are turning from corn and wheat to beans and potatoes, according to a survey made by Armond J. King, statistician for Wyoming and the United States department of agriculture. The acreage planted to potatoes in 1934 will be 34,000, an increase of 10 per cent over 1933. Acreage of beans will increase 30 per cent, or 9,000 acres.

GAME FISH REFUGE

CHEYENNE, Wyo.—(INS)—The

Wyoming fish and game commission is planning a game and fish refuge on the CY ranch north of Cheyenne. The commission will provide fish-raising ponds and food to attract wild birds. Negotiations are underway with Idaho game officials by which a part of Wyoming's surplus elk herd would be traded for partridges and pheasants.

WORK, OK AND KROW

QUINCY, Mass.—(INS)—Delcevere King, the banker, has a hobby of playing on words, and here is his latest concoction, issued at the Chamber of Commerce "Mobilization for Prosperity" dinner. "Work will be the slogan," declared King. "It contains the letters 'O' and 'K' and if we do our work well, all shall be OK. If all is OK then we can turn our slogan around and 'Krow.'"

Then the near tragedy suddenly turned comic when the survivors discovered they had forgotten to rescue their clothes. Just before the blaze, the men had been playing hand-ball in the desert heat and were stripped to their shorts. Only La Rue had the presence of mind to toss out a pair of pants. The rest of the party had to return to Hollywood wrapped in blankets.

And they had to come all the way from 20 miles beyond Barstow.

The latest fad in Hollywood is to back a prize-fighter. Leon Gordon tells about a would-be welterweight, who was showing his wares to a star he wished to handle him.

"What are you doing?" asked the star during one gyration.

"Oh, I'm weaving," panted the youth.

"Yeah," flipped the Hollywoodite, "to me it looks more like tating."

to make his permanent home in Mexico, where his parents settled (in Jalisco) 100 years ago.

Hollywood's most talked of foursome, consisting of Lupe Velez, Johnny Weissmuller, Adrienne Ames and Bruce Cabot, are getting thicker every day. Latest development is a common beach house, which the quartet have just leased.

Signs of spring: Wallace Beery plans to fly to Silver Lake May 5 to open his cabin in the High Sierras. Frank Morgan may turn down a New York play offer to take a six weeks cruise into Mexican waters, where the Gary Coopers and the Howard Hawks also are heading. Lewis Stone has re-christened his schooner "The Serena" and is making plans for an extended voyage as soon as he can get away from Hollywood.

The first important Hollywood star to make a picture for a South American company probably will be Miriam Hopkins. The blonde actress says she will accept an Argentine offer after completing 5 months work at Paramount. She also plans to make a picture in Europe and, thereafter, to alternate between the three film centers.

Miriam Hopkins

Once before, in the early days of her career, the yellow-haired Miriam signed to work in South America. It was about the time she finished a chorus job in the Music Box Revue. She joined a group of ballet dancers who were booked to tour the Latin

republics. On her way to get a passport, she stumbled on a flight of steps and injured her ankle. The troupe had to leave without her.

DID YOU KNOW—

That Adrian, M. G. M.'s designer, first won recognition as an artist when, in his early school days, the teacher asked him to draw a parade of soldiers on the blackboard. In his enthusiasm he encircled three-quarters of the school-room.

WHO KNOWS...

what may happen tomorrow?

We must provide for our future now, and leave nothing to chance.
